

TENANT FLOOD HAZARD DISCLOSURE

(C.A.R. Form TFHD, Revised 6/23)

The following terms and conditions are hereby incorporated in and made a part of the Residential Lease or Month-to-Month Rental Agreement, OR ☐ Residential Lease After Sale, ☐ Other _____, dated 08/25/2023, on property known as 518 N Stoneman Ave., Alhambra, California 91801, in which _____ is referred to as ("Tenant") and Bradford M. Martinez, Vicki Lynn Martinez is referred to as ("Housing Provider").

INFORMATION ABOUT FLOOD HAZARDS: Tenant is informed of the following:

1. The Property is not located in a special flood hazard area or an area of potential flooding.

OR ☐ The Property is located in a special flood hazard area or an area of potential flooding. Property is deemed to be in a special flood hazard area or area of potential flooding if any of the following scenarios apply:

- The owner has actual knowledge of that fact.
 - The owner has received written notice from any public agency stating that the Property is located in a special flood hazard area or an area of potential flooding.
 - The Property is located in an area in which the owner's mortgage holder requires the owner to carry flood insurance.
 - The owner currently carries flood insurance.
- The tenant may obtain information about hazards, including flood hazards, that may affect the Property from the Internet Web site of the Office of Emergency Services, My Hazards Tool (<http://myhazards.caloes.ca.gov>).
 - The owner's insurance does not cover the loss of the tenant's personal possessions and it is recommended that the tenant consider purchasing renter's insurance and flood insurance to insure his or her possessions from loss due to fire, flood, or other risk of loss.
 - The owner is not required to provide additional information concerning the flood hazards to the Property and that the information provided pursuant to this section (California Government Code section 8589.45) is deemed to inform the tenant.

The foregoing terms and conditions are hereby agreed to, and the undersigned acknowledge receipt of a copy of this document.

PARKING AND STORAGE DISCLOSURE

(C.A.R. Form PSD, Revised 6/23)

COLDWELL BANKER
REALTY

This disclosure is made in connection with the Purchase Agreement or ☒ other **Lease Listing Agreement** ("Agreement"), dated **08/25/2023**, on property known as **518 N Stoneman Ave.** ("Property") between _____ ("Buyer/Tenant") and **Bradford M. Martinez, Vicki Lynn Martinez** ("Seller/Housing Provider")

If applicable, ☐ Seller has been using parking space # ____ ☐ Parking is **not** intended to be included with the Property.
If applicable, ☐ Seller has been using storage space # ____ ☒ Separate storage is **not** intended to be included with the Property.

This is a disclosure only. Right to parking or storage, if any, is determined by the Agreement, and if Property is in a planned development or covered by a Home Owner Association, the governing documents.

1. Buyer/Tenant is advised to personally inspect the actual size, shape, numbering, location, and accessibility of the actual parking space(s) or storage area(s). As vehicle sizes and shapes vary greatly, the actual size, shape, numbering, location, and accessibility of the actual parking space(s) may not accommodate Buyer's/Tenant's needs. Seller/Housing Provider and Broker(s) do not warrant that such space(s) or storage areas are suitable for Buyer/Tenant's intended use or meet any minimum requirements.
2. If the Property is located in a multi-unit building or any other planned development, the governing documents for the Property, such as the deed, the condominium map/plan, the covenants, conditions and restrictions, tenancy-in-common agreement, or equivalent document, should contain a description and drawing of all assigned parking and storage spaces. However, the size, shape, numbering, location and accessibility of the designated parking and storage area(s) shown within the governing documents are not always accurate, even if drawn by a licensed surveyor. There may be differences between the descriptions in the governing documents and the actual size, shape, numbering, location and accessibility of the parking spaces and storage areas and between what is assigned and what is being used.
3. Seller/Housing Provider further discloses the following: **Closet space in garage is not included.**

Seller/Housing Provider **Bradford M. Martinez** Date: **8/28/2023** | 2:36:11

Seller/Housing Provider **Vicki Lynn Martinez** Date: **8/29/2023** | 8:32:11

4. Buyer/Tenant acknowledges that Buyer/Tenant has:

- Reviewed the governing documents and ensured the parking space(s) or storage area(s) are accurately identified;
- Read all disclosures relating to the parking space(s) or storage area(s) provided by Seller/Housing Provider;
- Personally inspected the size, shape, numbering, location, and accessibility of the actual parking space(s) and storage area(s);
- Determined that the parking spaces(s) or storage area(s) are suitable for Buyer's/Tenant's intended use(s). If it is a parking space, Buyer/Tenant has inspected the parking space to ensure that it can accommodate the vehicle(s) that Buyer/Tenant intends to park in the parking space;
- Ensured that the governing documents provide for rights of passage to and from the parking space and storage space, if Buyer/Tenant must pass through another owner's assigned space(s) in order to access Buyer's/Tenant's parking space(s) or storage area(s); and
- Has found no discrepancy between the parking space(s) or storage area(s) as shown in the governing documents and the respective actual size, shape, numbering, location, and accessibility or, if Buyer/Tenant has found such a discrepancy, Buyer/Tenant acknowledges that such discrepancy is not material to this purchase or lease.

By signing below, Buyer acknowledges Buyer has received, read, and understands this Parking and Storage Disclosure form

Buyer/Tenant **Jennifer Burbank** Date **9/4/23**
Buyer/Tenant **James Burbank** Date **9/4/23**

WILDFIRE DISASTER ADVISORY

(For use with properties in or around areas affected by a wildfire)
(C.A.R. Form WFDA, Revised 6/22)

1. **WILDFIRE DISASTERS:** Buyer/Lessee is aware that as a result of recent wildfire disasters there are current and unresolved health and safety concerns related to the aftermath and clean-up of the wildfire disaster areas, as well as unknown and possible future concerns related to the rebuilding of infrastructure in the affected areas of the wildfires. Unfortunately, the impact of wildfires has not been limited to the fire areas themselves. Many areas have had air quality impacted by smoke and air particulates from distant fires. Additionally, fires continue to occur in previously unaffected areas. Fires may be an issue throughout the state of California.
2. **WILDFIRE DISASTER CONCERNS AND ISSUES:** The following non-exhaustive list represents concerns and issues that may impact Buyer/Lessee decisions about purchasing or leasing property impacted by a wildfire disaster, both currently and in the future. It is not intended to be, nor can it be, a check list for all issues that might arise when purchasing or leasing property impacted by a wildfire disaster; **concerns and issues include, but are not limited to:**
 - A. Insurance related issues such as past claims, the importance of identifying the insurability of the property, and the availability and the cost of insurance as early in the process as possible;
 - B. Lot clearing costs and requirements; toxic materials analysis, debris removal requirements;
 - C. Whether the home has been fire hardened, and if so to what extent, to help reduce the risk of the structure catching fire;
 - D. Local, state and federal requirements for cleanup and building approvals;
 - E. Air quality, soil quality, and any other environmental or personal health concerns, even after the wildfire event has ended;
 - F. Timelines, costs and requirements when obtaining required permits for building and utilities installation;
 - G. Availability of and access to electricity, gas, sewer and other public or private utility services;
 - H. Water delivery/potability; septic and/or sewer design; requirements and construction costs;
 - I. Potential redesign of streets and infrastructure including possible eminent domain, land condemnation and/or acquisition;
 - J. Inconvenience and delays due to road construction and unavailability of various goods, systems, or services; and
 - K. Impact that federal, state or local disaster declarations may have on materials prices, costs and rents.
3. **BUYER/LESSEE ADVISORIES: Buyer/Lessee is advised:**
 - A. To check early in your transaction to determine if you are able to obtain insurance on the property.
 - B. To investigate to their own satisfaction any and all concerns of Buyer/Lessee about the intended use of the property.
 - C. That the area of the wildfire disaster will likely be under construction for a protracted period of time after a fire, and Buyer/Lessee may be inconvenienced by delays, traffic congestion, noise, dust, intermittent utilities availability.
 - D. That due to the extraordinary catastrophe of a wildfire, there may be changes and variations in local, state or federal laws, codes, or requirements throughout the ongoing process of planning and rebuilding in the wildfire disaster area.
 - E. That some insurers have reduced or cancelled offerings for fire insurance or increased costs that impact a Buyer/Lessee's ability to afford or qualify for loans or meet income ratios for rentals.
 - F. That if you are not able to obtain fire insurance and have removed property investigation or loan contingencies you may be in breach of the purchase or rental agreement.
4. **RESOURCES:** Below is a non-exhaustive list of potential resources provided as a starting point for Buyer/Lessee investigations and not as an endorsement or guarantee that any federal, state, county, city or other resource will provide complete advice.
 - A. California Department of Insurance "WildfireResource" <http://insurance.ca.gov/01-consumers/140-catastrophes/WildfireResources.cfm>; 1-800-927-4357
 - B. Governor's Office of Emergency Services "Cal OES" California Wildfires Statewide Recovery Resources <https://wildfirerecovery.caloes.ca.gov/>
 - C. California Department of Forestry and Fire ("Cal Fire") <https://calfire.ca.gov/> and <https://www.readyforwildfire.org/>
 - D. California Department of Transportation <https://calsta.ca.gov/>
 - E. California Attorney General <https://oag.ca.gov/consumers/pricegougingduringdisasters#8C1>
 - F. The American Institute of Architects "Wildfire Recovery Resources" <https://aia.org/pages/165776-wildfire-recovery-resources>
 - G. Buyer/Lessee is advised to check all local municipalities (County, City, and/or Town where the property is located) for additional resources.
5. **FIRE HARDENING AND DEFENSIBLE SPACE ADVISORY:**
 - A. California law requires certain disclosures be made concerning a property's compliance with safeguards that may minimize the risk of a structure on the property catching fire (fire hardening) and that an agreement be reached concerning compliance with requirements that the area surrounding structures be maintained to minimize the risk of the spread of wildfires (defensible space). The fire hardening and defensible space laws only apply if, among other requirements, the property is located in either a high or very high fire hazard severity zone. If there exists a final inspection report covering fire hardening or defensible space compliance, such a report may need to be provided to the buyer. C.A.R. Form FHDS may be used to satisfy the legal requirements.
 - B. **WHERE TO LOCATE INFORMATION:** Seller has the obligation to determine if compliance with the fire hardening and defensible space requirements are applicable to Seller and the property. It may be possible to determine if a property is in a high or very high fire hazard severity zone by consulting with a natural hazard zone disclosure company or reviewing the company's report. This information may also be available through a local agency where this information should have been filed.

C. Even if the Property is not in either of the zones specified above, or if the Seller is unable to determine whether the Property is in either of those zones, if the Property is in or near a mountainous area, forest-covered lands, brush covered lands, grass-covered lands or land that is covered with flammable material, a Seller may choose to make the disclosures because a Buyer might consider the information material. Reports in the Seller's possession that materially affect the value and desirability of the property shall be Delivered as provided by the agreement.

6. **BUYER/LESSEE ACKNOWLEDGEMENT:** Buyer/Lessee understands that Real Estate Agents and Real Estate Brokers have no authority or expertise for providing guidance through the process of investigating the concerns described herein. Buyer/Lessee has an affirmative duty to exercise reasonable care in protecting themselves.

Buyer/Lessee has read and understands this Advisory. By signing below, Buyer/Lessee acknowledges receipt of a copy of this Advisory.

I found the booklet, *The Homeowner's Guide to Environmental Hazards and Earthquake Safety*(with gas shut-off valve update) which includes the Federal Lead booklet and Toxic Mold Update:

- ☐ Helpful
☐ Too detailed
☐ Not detailed enough

- ☐ Clearly written
☐ Confusing

- ☐ The booklet helped me to locate earthquake weaknesses in my home.
☐ I have strengthened my home to resist earthquakes.
☐ I plan to fix my home's earthquake weaknesses.
☐ The booklet helped me find out that my home did not have any earthquake weaknesses.

The year my home was built was _____.

Information on Dampness and Mold for Renters in California

Main points:

- Living in damp or moldy buildings increases the chances of respiratory problems like asthma.
- The critical warning signs are visible mold, water damage, damp materials, or mold smell.
- Dampness is needed for mold to grow, so if you control the dampness, you control the mold.
- Dampness or mold indoors may make housing substandard, per the California Health & Safety Code.

This booklet describes the increased risks to health, including specific health issues, that may result from exposures to dampness or mold in buildings. This booklet was produced in January 2021 by the California Department of Public Health (CDPH) in accordance with the 2001 Toxic Mold Protection Act (HSC §26148).

Health Problems from Damp or Moldy Buildings

Living or working in damp or moldy buildings increases the risk of many harmful health problems, including:

- asthma attacks in people who already have asthma
- a new asthma diagnosis
- respiratory infections, such as bronchitis
- breathing symptoms, such as hay fever, sneezing, stuffy nose, sore throat, wheezing, breathing difficulty, or cough
- eczema or skin rash

Mold can affect people differently. How much a person is affected depends on how sensitive they are and on how much they are exposed. Damp or moldy buildings are linked to health problems in people even if they do not have allergies.

Signs of Dampness or Mold

Signs of dampness or mold that may cause health problems include:

- **visible mold** (regardless of color), such as on walls or ceilings, behind furniture or appliances, under carpets, or even hidden in areas not seen in the occupied areas of homes
- **mold odor**, noticed as an earthy, musty, or moldy smell
- **visible water damage**, such as water-stains or discoloration on walls or ceilings, peeling or bubbled paint, warped floors, or rotting wood
- damp or moist materials, including condensation on windows or walls

Any one of these signs indicates increased risks to health, and the more that any of them are present, the greater the risk of health problems. Tests that identify the types of mold or the amounts of mold in buildings are not useful in telling us about the health risks. This is *why CDPH does not recommend testing for mold, such as measuring mold spores in the air.*

Causes of Building Dampness that Can Allow Mold to Grow

The dampness that is necessary for indoor mold to grow can come from either inside or outside a building.

Indoor sources include:

- leaking or burst water pipes, for instance under sinks inside walls
- not enough venting to the outside by open windows or exhaust fans in places where water is used or moisture is produced (for example, bathrooms, laundry areas, kitchens, and water heaters)
- condensation (water droplets) on cold surfaces, including windows

Outdoor sources include:

- water coming in through leaky roofs or poorly-sealed windows, or from flooding
- damp, exposed dirt in crawl spaces
- outdoor surfaces that slope and drain water toward a building, including from a downspout

Fixing Dampness and Mold Problems

The California Health & Safety Code (HSC §17920.3) says that when dampness or visible mold (or certain other conditions) in a home is a hazard to the health of occupants, the home is *substandard* and the property owner must fix the conditions. The Code excludes mold that is "minor and found on surfaces that accumulate moisture as part of their properly functioning and intended use."

CDPH recommends fixing dampness and mold problems as follows:

- identifying and correcting the source of any water that may allow mold to grow
- rapid drying or removal of damp materials
- cleaning or removing mold and moldy materials as rapidly and safely as possible

Note: if a moldy area is simply bleached, cleaned, or painted over—without fixing the source of the dampness—the mold is likely to grow again.

Renters in California

The California Health & Safety Code requires property owners to provide a rental unit that is safe and healthy for the people living in it. Prospective renters should look for obvious conditions that show dampness or mold, and also less obvious signs like water leaks under the kitchen and bathroom sinks or moldy odor in a sealed-up home. Also look for conditions likely to cause future problems, like a bathroom that has no working vent fan or no window that opens, or a clothes dryer without an outside vent.

For renters who suspect there is dampness or mold:

1. Tell the property owner or manager. Early detection and correction of the dampness and mold problems can reduce the risks to your health and prevent the problem from getting worse.
2. If your property owner will not respond to your concerns in a reasonable amount of time, contact your local (city or county) code enforcement agency and ask for a code enforcement officer to inspect for violations. Many dampness or mold problems in rental homes are the responsibility of the property owner and must be addressed by them. However, a code enforcement officer may determine that dampness or mold in a building results from a tenant's actions or inactions - for instance, not using available bathroom ventilation during showers.
3. If the local inspector determines there is a violation, they can require the property owner to correct the problem.

Additional Resources

For general information on dampness and mold and a list of local code enforcement agencies, with a focus on dampness and mold, see www.cdph.ca.gov/iaq/mold. To see an animated video series, Mold in the Home, visit www.cdph.ca.gov/mold.

Property owners must provide a rental unit that is safe and healthy for the people living in it.

Tenants must notify property owners of any dampness or mold problems.
